...: welcome to Live Help, how are you today?

Harry: Hi, i am looking for a new registration for my girlfriend Louise as a Xmas present

Tim: Hi Harry, what sort of age vehicle will it be going onto, that will give me an idea of what would be suitable for her

Harry: It will be a brand new car next week, i was hoping to get a LOU with just ONE digit if you have one

Tim: I currently have LOU 3R which is on retention as we speak, that means it can be purchased even if you do not have a vehicle for it, priced at £2999 plus vat and the DVLA costs, would that be the sort of thing for you ?

Harry: That does look nice yes, i am also impressed with the price as i have seen single digit LOU plates at over £3,500...how do i reserve it please

Tim: Hi Harry, i can reserve it with a deposit of £500 if you are interested?
